

HAYDEN LIFT PUMPS

Here is a simple diagram showing the very few durable components used in our Hayden Lift Pump.

The Hayden Lift Pump has been used in the cranberry industry for over 60 years now but, of course, can be used in many other applications that require delivering a maximum capacity of water with the minimum use of power at an very affordable price.

Available:

- 7" Lift Pump- 2,000 gallons per minute
- 14" Lift Pump- 8,000 gallons per minute
- 20" Lift Pump- 20,000 gallons per minute
